Community Emergency Response Team training is a fun and informative way to learn how to respond during any emergency. Virginia State employees will receive classroom and hands-on instruction in basic first aid, search and rescue, fire safety, and terrorism preparedness that they can use at work and at home.

Each 2.5-hour module will be held twice to help fit busy schedules. Instructors will teach three different modules each day. Students must attend each module once to receive a certificate of completion.

Space is limited. Register online at www.vaemergency.com, under "Training Calendar."
